

Item Code: IJTM23075WB

PRINTeS™ - Acquous inkjet 230 Matte – Coated DuPont™ Tyvek®

Introduction

Acquous inkjet printing media made up of white spunbonded high density polyethylene media, with exceptionally high tear resistance. High dimensional stability, chemically and biologically inert. Compatible to both mechanical and chemical recycling.

Printing

- Suitable for any Desktop pigment based printers of EPSON, CANON and HP.
- Prints well on Mimaki, Epson and other Inkjet roll fed printers.

Features

- Weather and tear-resistant media for long lasting prints
- Water resistant when printed with Pigment based inks
- Excellent flexural strength – good for places where folding is needed (viz Architectural Drawings)
- Offers excellent print quality when selected with respective Printer specified media – for example in an Epson desktop printer, please use the media option as “Epson Matte” and in case of HP Desktop printer, please use the option of “HP Premium Matte” media.

Applications

- Wrist Bands

Technical Specifications

Basis Weight :	94 GSM
Caliper :	230 micron (+/-10%)
Tensile :	205 / 215 (MD/CD) N
Tear (Elmendorf) :	5.5 / 5.7 (MD/CD) N
Opacity :	98%
Flexural Strength:	20,000 cycles
Available Sizes :	Custom Widths
Core Sizes :	3"
Roll Length :	Custom
